Thurs. nite 6 Aug.

Dearest Grandma, Grand pa, & Aunty Alice, Don't worry too much about me as I am getting along quite fine. Quite a little class around for running & "doo-dooing", and I take my Pappy fishing just as often as I can coax him. My mommy is good to me; feeds me (but I do miss all those extra handouts) but I think she is jealous 'cos when my Pappy is around I pay more attention to him than to her'. Tho I still sleep with her at nites & nap time. My these G.I. beds are uncomfortable tho.. The dirt is my paw print. Love Muffy
